To Whom It May Concern:

It is my pleasure to recommend Cesar Rodriguez who I have knew him for 2 years.

Cesar demonstrated tremendous effort taking care of my mother for 6 months who got sick one year ago. My mother was 85 years old when she was hospitalized.

I would rank him as an excellent nurse due to all his hard work and especially when it comes to communicate with my mother and the family.

His response to pain and suffering is what really impressed me because he provided comfort and showed my mother compassion and empathy.

Cesar had a positive attitude and brought a great energy on his duties as a professional nurse. His duties consisted on administrating medication and cleaning my mother's wounds.

Cesar was available to work at night and he was flexible with regards to hours.

Cesar is trustworthy and reliable nurse who support his patients.

. I am confident that he will continue to display the same commitment and diligence in everything he does.

If I can be of any further assistance, or provide you with any additional information, please do not hesitate to contact me.

Yours Sincerely,

Jesús H. Márquez
